This aerial map shows a river system with several marked locations. The river is represented by a blue line, and the surrounding land is shown in various shades of green and brown. Six specific locations are highlighted with pink boxes and labeled as follows:

- ID-1: Located near the confluence of a smaller river and the main river, with a yellow line marking its location.
- ID-2: Located further downstream on the right bank, with a yellow line marking its location.
- ID-3: Located on the right bank further downstream, with a yellow line marking its location.
- ID-4: Located on the left bank, with a yellow line marking its location.
- ID-5: Located on the right bank, with a yellow line marking its location.
- ID-6: Located on the right bank near the bottom right corner, with a yellow line marking its location.

A north arrow is located in the top left corner, pointing upwards. A scale bar at the bottom left indicates distances from 0 to 4 Kilomètres.
